Notes and Disclaimers: Commissions, trailing commissions, management fees and other expenses all may be associated with pooled fund investments. Please read the Offering Memorandum before investing. The indicated rates of return are the historical compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account any sales, redemption or other optional charges, or income taxes payable by any unitholder, all of which would have reduced returns. The indicated rates of return are used only to illustrate the effects of the compound growth rate and are not intended to reflect future values of the Fund or returns on investment in the Fund. All rates of return are calculated on Class F units of the Fund (where available), net of all fees and expenses.
